STOCKHOLDERS!!!

Due to an increase in break-ins at Cedar lake, we would like to suggest to everyone that you install some kind of camera system for your property, or if you have a system already, try to point one at the street so we can get vehicle information. Camera systems are not too expensive anymore, and it would sure help try to catch the thieves.

LOOSE DOGS

We are having a major problem with stray dogs at the lake. El Reno and Hinton have been contacted, and said they don't come out here to do animal control or pick up dogs, so we are basically on our own. We can't afford to have our own animal shelter, there are too many state regulations. So, everyone should be aware of this unique situation and be vigilant of their surroundings.

COMMITTEE

WSC has put together a committee consisting of 3 Board members and 3 Stockholders to review and rewrite the WSC documents. If you have any questions contact the office and Nancy will have you get together with the committee.
